

Interface System and Business-to-Business Trading

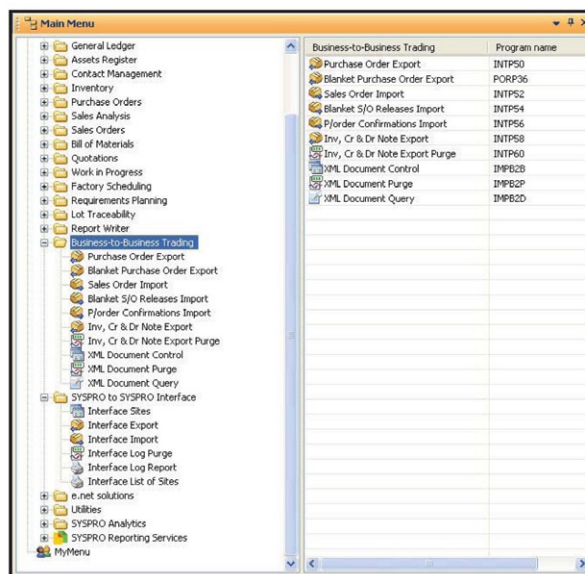

To facilitate both the communication between multi site companies using SYSPRO, as well as the electronic interchange of data with customers and suppliers.

The Value of SYSPRO Interface System

- Update all locations with minimum communication costs, maximum efficiency and security
- Easy to use file import/export facility
- Install only the modules required at each site
- Define which A/R and Inventory transactions to export to each site
- Allow user to decide how often various locations will be updated
- Manage remote branches efficiently without duplication of data entry
- Transfer all information with each update, or to transfer only the changes which have occurred since the last update

The Value of Business-to-Business Trading

- Use pre-defined ASCII format files or export XML documents to easily communicate with customers and suppliers
- Import customer sales orders
- Export order acknowledgement and delivery notes
- Export supplier purchase orders and imports confirmation
- Export new/changed blanket purchase orders
- Import or exports contract prices
- Import blanket sales order releases
- Export invoices, credit notes and debit notes

K3 Factsheet

Interface System and Business-to-Business Trading

Audit Trails and Reporting

- Provides validation of imported data
- Complete log of all imported and exported transactions
- Provides detailed status reports and transmission logs for each site
- Assigns a sequential log for each transmission for easy tracking

Integration

- Interface System integrates with Inventory, Sales Orders and Accounts Receivable
- Business-to-Business Trading integrates with Purchase Orders, Sales Orders, Inventory and Accounts Receivable
- Imported transactions update each site's General Ledger if required
- Email reports with the Office Automation module

About K3 Business Technology Group

K3 are the world's largest supplier of SYSPRO ERP systems - one of the most widely installed Enterprise Resource Planning applications. Coupling robust, advanced functionality with first-class service and support, K3's scalable, integrated Enterprise Resource Planning (ERP) solutions are designed to address manufacturing, supply-chain, distribution, financial, customer management, human resources and e-commerce needs.

Our customers benefit from local supply and support backed by SYSPRO's global organisation and it is our reputation for excellence in customer service that has led many of the UK and Europe's leading manufacturing and distribution companies to choose K3 solutions.
